COMOR-D-2/14

21 May 1962

MEMORANDUM FOR: Committee on Overhead Reconnaissance

SUBJECT: Justification for Future TACKLE Missions

Attached for the information of the Committee and for use of the Special Group is the COMOR-approved paper on the above subject along with Annex A. The maps for use with this document (one of which is referenced in the first recommendation) will be forwarded separately along with the other tabs showing the comparison of information available prior to the TACKLE missions with that available since then. The members are requested to take note of the fact that for convenience these annexes will have the same SC number as the main paper and Annex A. Accordingly, each recipient is responsible for attaching the annexes to this document upon their arrival, which will probably follow on Tuesday or at latest, the Wednesday courier delivery.
